UCFileSpace:

- 1 GB of Storage
- Use for website / Storing files
- Login: OneStop Login & Password
- See: <http://ucfilespace.uc.edu>
- Website:
 - Place webpages under “*Sites*” folder
 - Homepage url: **<http://homepages.uc.edu/~username>**
- Contact: UCit @ 556-HELP

ECECS Server:

- Server: gatekeeper.ececs.uc.edu
- ECECS Domain: Also used for website / Storing files
- Login: ECECS Login & Password
- Website:
 - Create & Place webpages under *"public_html"* folder
 - Homepage url:
`http://cs.uc.edu/~username` (or)
`http://ece.uc.edu/~username`
- Contact: Rob Montjoy (action@ececs.uc.edu)

2-step Demo for the “dummies”

Want to just have your resume up there?

- 1 Create your page using MS Word
 - Use “Save As...” and save as index.html
 - Very basic (and slightly crude) technique
 - But serves the purpose!
- 2 Upload page to your account
 - UCFileSpace or ECECS or Both!
 - For FTP access: use WinSCP (<http://winscp.net>)

Get smart!

- Can not violate University & State rules
- Be careful with personal information
- Hacking attacks and Spam
 - Unless confident, do not use server scripts
 - Ex: GuestBook

(Interested in more workshops? Let us know!)
